BUSINESS MEN OF CAPITAL WILL WORK FOR ARMOR PLANT

Retail Merchants' Association Soon to Have Committee Boosting Washington Site.

President R. F. Andrews, of the Retail Merchants' Association, will name in a few days a committee to work to obtain for Washington the \$11,000,000 armor plant.

The board of governors of the association last night adopted unanimously a resolution presented by M. A. Leese, vice president of the organization, directing the appointment of the committee and instructing it not only to work for the establishment of the Federal armor plant here, but to investigate the possibilities of Washington being selected. Should the committee conclude that Washington is not to be selected, it is instructed to throw its support to Alexandria, Va.

To Investigate Gasoline.

The governors, at the instance of President Andrews, adopted a resolution requesting the District Commissioners to investigate the quality of gasoline being sold in the District, to adopt stringent regulations for the dispensing of gasoline, and to stipulate a test to which the product shall conform.

Mr. Andrews said that in Baltimore such action had been taken and a penalty provided for violation of the standard.

Will Advertise "Dollar Day."

This trip will advertise the first "Dollar Day" to be held by Washington merchants on October 25. The "dollar day" has been inaugurated in other cities with much success. The merchants on that day offer especially attractive bargains for a dollar.

M. D. Rosenberg, general counsel, presented the report of the committee which drafted the fake auction bill recently enacted by Congress. The subject of "returned goods," which had been set for discussion, was passed over until the meeting of the entire association Monday, October 2, at the Raleigh Hotel.

CITIZENS' BODIES BACK PLANT FIGHT

Associations Now Solidly Behind Movement.

Washington's fight for the location of the Government armor plate plant in the District of Columbia received added impetus today with the announcement by Thomas Grant, secretary of the Chamber of Commerce, which is leading in the fight, that every citizens' association in the city is now lined up with the other civic and trade bodies in the movement.

"Washington is the ideal place for the plant, notwithstanding the contentions advanced by those adverse to the location of the industry here," said Secretary Grant today. "We have five railroads running into the Capital, all of which extend lay-over privileges, and water facilities, which make the city accessible as any other place on the Atlantic coast. The plant, if located here, would be out of the danger zone in case of an attack, being sufficiently far enough inland to escape air raids from enemy vessels off the coast.

"The naval authorities will find that materials used in the manufacture of armor plate can be transported here as economically as they can elsewhere on the Atlantic seaboard. Then, again, such a plant used to manufacture a product over which there has been so much squabbling, should be under the paternal eye of the Navy Department heads and the Government generally. Washington then, is the place for it without question."

Joseph Berberich, one of the prime movers in the fight to have the plant located in the District, who is a member of the Chamber of Commerce committee in charge of the movement to get the plant for Washington also was emphatic in his belief that the Capital is the place for the plant.

"I want to reiterate my contention that there is no other place on the Atlantic coast more suitably adapted to the plant," said Mr. Berberich. "We have the railroad and water facilities for transportation. Labor can be had here just as economically as elsewhere, and workmen can be more comfortably

PLAY BALL TODAY FOR BENEFIT FUND

URGE ARMOR PLATE PLANT FOR DISTRICT

Members of North Capitol and Eckington Association Pass Resolutions.

Resolutions favoring the location in the District of the Federal armor plate plant were adopted at the first joint meeting of the North Capitol and Eckington Citizens' Association at the Emory School last night. The resolutions were adopted on recommendation of the executive committee. Copies will be sent to the Secretary of War, the Secretary of the Navy, and Congressional committees.

The association decided not to recommend any streets in the Eckington section for improvement because of the Borland amendment assessing half the cost on adjacent property owners. The repeal of the amendment was urged.

Against Firearms Sale.

The association went on record as favoring legislation restricting the sale of firearms. The attention of the Commissioners will be brought to the matter. Selden M. Ely, secretary of the association, is obtaining from Congress an appropriation for the enlargement of the playground at Emory School.

Attention was directed by William G. Henderson to a city dump at Fourth and S streets northeast, which was declared to be a menace to the health of the neighborhood. A copy of a petition bearing sixty-one signatures will be sent to the Commissioners requesting its removal.

Asks for Street Lists.

Secretary A. Coulter Wells was directed to communicate with the Commissioners asking that when street improvements are contemplated lists be furnished the public utilities, and they be directed to lay such conduits as are needed before the streets are paved.

The secretary was directed to request also that Langdon road be called north of Rhode Island avenue. The following new members were elected: James R. Judge, Samuel Goodman, and John A. Romig. Lewis Ely, vice president, presided.

Wants New Name.

Because its name does not describe sufficiently the business of the corporation, the Cannon Ball River Land Company today applied to the District Supreme Court to change its name to the "Home Builders' Investment Company." Attorney E. L. Gies represents the petitioner.

ANACOSTIA.

A determined effort will be made by the Anacostia Citizens' Association to secure a good appropriation from the appropriation for county roads.

Electa Chapter, No. 2, Order of the Eastern Star, met last night in the Masonic Hall.

The Commissioners announce that they will begin soon the work of laying curbing on both sides of U street from Nichols avenue to Shannon place and on both sides of Shannon place from U street to V street, and grading and improving of U street from Nichols avenue to Shannon.

Anacostia Council, No. 18, Junior Order of United American Mechanics, admitted candidates at its meeting last night in Masonic Hall.

The employees of the Government Hospital for the Insane have begun their regular Tuesday evening dances in Hitchcock Hall.

PLAY BALL TODAY FOR BENEFIT FUND

Members of Board of Trade and Press Club Are Opposed on Diamond.

Some of 'em have spent their young lives getting double plays from Kitchin to Clark to Wilson, well-known battery stars of the Democratic team, one of 'em spends his time chasing 'ads,' but all of 'em will be out working for home runs at American League Park this afternoon.

For at 3:30 o'clock the "play ball" signal will sound for the National Press Club, and the Board of Trade teams.

The scores who have been slinging three-bagger adjectives, are determined to wallop the crew of business men, which includes such erstwhile stars of the diamond as Michael Macdonald and Richard L. Conner.

Others who will "show" for the business men include W. A. Rogers, Frank S. Smith, Clarence R. Abbot, Andrew J. Walker, Albert E. Landvoigt, Arthur A. Brandt, Joseph T. Davis, Charles H. Stuart, Prior, J. R. Hamilton, and "Mike" Flynn.

Major Raymond W. Pullman, otherwise "Pete" Pullman, as umpire, has announced that there will be no speed limit on base running, nor will any "safety first" rules be enforced.

The game is for the benefit of the relief fund of the Citizens' Welfare Association to be dispensed among the families of national guardsmen.

The Third District of Columbia Infantry Band will play music, including some Victor Herbert selections, in view of the membership of that versatile composer in the club.

Ralston to Deliver Tournament Address

Jackson H. Ralston, candidate for Congress in the Fifth Maryland district, will deliver the opening address at the annual grand tournament of the St. John's Dramatic Club of Gambrill's, Md., to be held at Maryland's field next Saturday morning.

Amateur and professional knights will contest under two classes and prizes will be awarded the first three in each class.

CONGRESS HEIGHTS.

Work is soon to be begun on a cement walk in Seventh street, between Alabama avenue and Fortan street, grading and improving of Nichols avenue from Fourth to U street, and the grading of Portland street from Nichols avenue to Fourth street.

A public improvement association committee is endeavoring to have the post-office re-established here. W. W. Price is chairman.

The Rev. W. G. Davenport, rector of Easter Memorial chapel, is ill. Students from Virginia seminary are taking his place.

The dances at Wilson Park, under the auspices of Roman Catholics, have been brought to a close.

WOMAN PRAISES WILSON POLICIES

Mrs. Belva Lockwood Addresses Meeting at Raleigh.

Lauding President Wilson's policies in the highest terms, Mrs. Belva A. Lockwood, the only woman who ever ran for President on a regularly nominated ticket, endorsed the President at a meeting of the Peace, Prosperity and Preparedness League at the Raleigh last night.

"He has kept peace with Mexico, where he found conditions that he did not create himself, or were not created by his Administration," she declared.

"He has kept us out of war at the risk of displeasing some of the rabid fire-eaters who are always ready to plunge us into a war which they do not propose to fight themselves."

Miss Catherine Debnay presided at the meeting.

NESBIT DISCUSSES INSURANCE RESERVES

Capital Official Advocates Change At Richmond Convention.

RICHMOND, Va., Sept. 27.—Voicing disapproval of recent Congressional legislation and arguing against the general proposition of State ownership of railroads, Burton Mansfield, of Connecticut, President of the National Convention of Insurance Commissioners, discussed "Government and Some of Her Corporate Interests," in an address before the convention at its opening session.

Mansfield said that whether there shall be State ownership of railroads, of insurance companies, etc., depends much on the conduct of these corporations themselves.

In a paper on "Reserves of Fire Companies," Commissioner Nesbit, of Washington, D. C., urged a change of basis from a percentage of the premium collected to a percentage of the risk assumed.

Protest Publication Of Dyestuffs Report

Two New York dyestuffs importers have telegraphed the Commerce Department that the publication of the census of American dyestuffs compiled by the department would illegally disclose private information.

The importers who made the protests were Charles J. Hardy and Herman A. Mott. That these complaints were receiving consideration was indicated by a statement of Acting Secretary Thurston, however, the census is already in the hands of the printer, and its publication is likely.

HYATTSVILLE.

The cornerstone of the new Episcopal chapel at Brandywine was laid today. Bishop Harding was the chief speaker.

Word has been received here of the death of Frank B. Webster at Carrizozo, N. M. Mr. Webster formerly lived here. His mother, Mrs. A. F. Webster, and a sister, Mrs. J. B. S. Norton, live here.

The opening gun of the Democratic Presidential campaign in this county will be fired at Upper Marlboro Tuesday night, when a rally will be held at the courthouse. At 8 o'clock the same evening a rally will be held in the Masonic Temple, Hyattsville.

The Beltsville grange conferred the first and second degrees last night.

20 N. Y. HERE WITH ITS SWAGGER STICK

Wrist Watches and Handkerchiefs in Sleeves Other Decorations of Returning Guard

Carrying swagger sticks, wearing wrist watches, and with its handkerchief stuck mostly up the sleeve of its olive drab sweater, the Second New York Infantry rolled into Washington via the Southern Railway yesterday en route from the Mexican border to its home.

The bronzed, stalwart young men of the New York regiment were conspicuous on the streets, and they preyed attention to the fact that each specimen of the swagger stick habit into which the army along the border has fallen.

The men spent two hours seeing the sights of the National Capital, departing again at 1:30 for New York. Commenting on the wrist watch, handkerchief-in-the-sleeve, and swagger stick habits, the New Yorkers called attention to the fact that each of these supposedly effeminate customs originated in the military service of the United States.

Stereotyper Bankrupt.

Howard V. Mills, a stereotyper, today filed in the District Supreme Court a petition in voluntary bankruptcy. His liabilities were given at \$1,500, with assets of \$1,000. The petition was filed by Attorney Frederick A. Fenning.

U. of Minnesota Opens.

MINNEAPOLIS, Minn., Sept. 27.—With an expected registration of 6,000, breaking all records, the University of Minnesota opened today. Prosperity is the cause of the heavy registration.

Here are Two Little Charts

that show graphically and in figures comparisons between beer and other beverages and beer and other foods:

Comparative Nutrients Extracted Content	Whisky	Rhine Wine	Beer	Milk
Carbohydrates	52.0%	4.8%	5.0%	2.25%
Protein	7.0%	3.5%	0.5%	none

YOUNG WIFE FOUND AT ROOMING HOUSE

Mrs. Marcia Duryea Deahl Cycled From Berryville Home to Washington.

Mrs. Marcia Duryea Deahl, who left her home at Berryville, Va., on a bicycle Saturday morning, presumably to visit her husband, H. Theodore Deahl, who is with the District national guard at Camp Ordway, was located by the Washington police in Georgetown this morning.

The young woman engaged a room at 323 N street northwest. Through Policeman Peck, of the Seventh precinct, her husband was notified.

When Deahl learned that his wife, who is nineteen years old, had left home Saturday morning, he became uneasy for her safety, and asked the police of Washington, Alexandria, and nearby towns to watch out for her.

When she did not arrive here Monday or yesterday he feared that some accident had befallen her on the long journey.

TOLD SHE WOULD NEVER BE WELL

Cheswick Lady Tells How Plant Juice Was the Means of Restoring Her to Health.

Upon being questioned yesterday why so many Washington ladies are endorsing Plant Juice, the new stomach remedy, the Plant Juice man said:

"Women everywhere have found great relief from stomach trouble, nervousness, weakness, and debility through the use of Plant Juice. It builds up the whole body and strengthens it, clears the blood of all poisons and impurities; stimulates the liver into healthy action; corrects constipation and clears the system of all malaria and biliousness. Women, who have spells of depression and blues, poor circulation, hot flashes, numbness, no appetite, sleep badly and are pale and listless, find Plant Juice just what they need to instill new life and vigor, soothes the nerves, brightens the eye and improves the complexion. Did it give results other than I have outlined, there would never be the demand and universal satisfaction derived from Plant Juice. It does all, and more, than is claimed for it. Following is the testimonial of a lady that speaks for itself:

"Mrs. John Robbins, who lives on Pearl street, Cheswick, Pa., a suburb of Pittsburgh, where she has resided for the last 15 years, Mr. Robbins being foreman in the Pennsylvania railroad yards. She stated:

"I have a daughter, who had been sick for the last 10 years. She had had an operation three different times, which left her in very bad health. For the last eight years she has been unable to do a stroke of work. Lately she has been using Plant Juice, and it has helped her to such an extent that she does all her own work and feels fine. Previous to taking Plant Juice it required two people to carry her from the car to the house when she visited me. For four years I was troubled with a bad stomach, pronounced indigestion. My food fermented, and I had palpitation of the heart. I was informed that I would never be well again. When I was feeling so badly my daughter brought me a bottle of Plant Juice. It helped me from the very first day I began to use it, and I am now feeling the best I have in years. My daughter claims she is entirely cured, and we are both recommending Plant Juice to all of our friends."

The Plant Juice Man is at the People's Drug Store, corner of 7th and E streets northwest, where he is daily meeting the local public, and introducing and explaining the merits of this remedy. Free samples given.—Adv.
